Dorothy,

Thanks for your message. I got back to Peter and said that we should either talk on Monday or just wait until we see each other on Tuesday. If either of you have specific questions or need something from me, please do not hesitate to call. Thank you for keeping me in the loop with the copies of the response letters and voicemail updates - I appreciate it.

Talk to you soon,
Catherine

Subject: The best laid plans of mice and men...

Hi all,

I am writing to give you an update on the FAQ that we would like to have for next week's meeting. I am planning on sending by the end of the day today and apologize for the delay. One of my Superfund sites has lots of hot issues right now. If you are in the office tomorrow, please plan on giving me your feedback by the end of Friday. If you are not in the office tomorrow, please let me know if you would like me to email to another address. I want to have all changes by noon PST on Monday so that I can work with Kevin to finalize and then make copies.

I appreciate your patience and will talk to you soon.

Catherine
